*It is not the length of life, but depth of life. ~Ralph Waldo Emerson*

### Goals

I'm always looking for self-improvement and I'm willing to experiment new possibilities of visual expression through any process of visual communication, from traditional techniques, to digital ones, searching for real and tough challenges that can squeeze out the best of me for the client I work for, pushing my limits over and over again. And last but not least, make the best of life.

### Evaluation of Myself

I see myself as a hardworking, disciplined, honest young man, with high expectations in life having a mature outlook on life and extremely focused when it comes to my work. I love working with people especially those that have different ideas and see things from a different perspective. Challenges are what I live for, and accomplishing my goals is what I strive to do. I am very flexible and don't mind doing work which is above my level, I believe in improving my knowledge day after day. Though being not perfect and might slip up once or twice, I strive to work to the best of my ability. I would love to be part of your Dynamic team, knowing that with such dedication and enthused people around me I'll make it to the top.

*Intelligence without ambition is a bird without wings. ~Salvador Dali*

## Organizational Skills

Since 2008 when I started working for myself, I developed and Improved my organizational skills, leading a productive team of 3 –15 people at a task time. (Diggers, Pipe layers and Builders).The challenge was to be able to coordinate and supervise over grown individuals and handle work related problems at the same time. I was the youngest Forman at that moment but yet I prospered and accomplished all given tasks over the period of the next 5 years. Also fixing and repairing PC's/Laptops and cellphones part time.

Since 2014 I started increasing my knowledge in computer science, as for my computer skills were not that good, it took a lot of hard work and dedication to finish the 3 year course with the extra accomplishments.
